

Fundraising Engraving Program

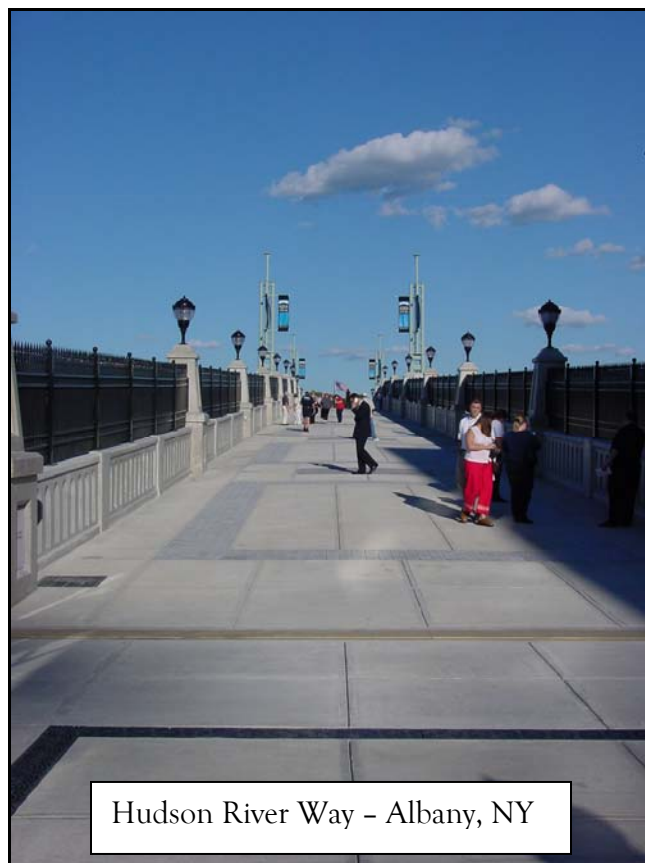

Brick (or paver) engraving is an extremely popular and worthwhile way for your organization to raise money. Engraving is **highly profitable** and leaves a **positive, long-lasting impression** on your group as well as the community.

If your project requires 50 or more engraved pavers, Creative Materials Corporation can supply you with the highest-quality products available.

Our pavers are engraved using Lithochrome paint technology. This process provides a superior finished look as compared to other methods, such as epoxy-fill. Benefits to Lithochrome paint include a clearer, easier to read engraving which stands up better to foot traffic and extreme weather conditions.

Since 1993, Creative Materials Corporation has supplied quality products to companies and organizations throughout the country, while fulfilling our promises of quality, trust, value and security: **every project, every time.**

The following pages provide detailed information on our program. Please contact us with any questions and good luck with your project!

PROFIT – *it's under your control!*

4"x8" paver with up to 3 lines engraving, 14 characters per line

<u>Sale price*</u>	<u>Cost</u>	<u>Profit</u>
