

DESCRIPTION

X-Beton has been inspired by concrete surfaces and the unique character that can be created on each surface with various treatments. Satinata finish: the peculiar ridges of this rolled concrete structure are polished by a set of diamond grinding wheels, then the whole surface is finished with abrasive brushes that tone down the reflection of the product. The result is a tile with a matte tone and a beautiful soft surface, creative a final effect that is more reactive to the ambient light than the natural finish.

TECHNICAL DATA*

Specification Reference	Test Method	Test Result
Water Absorption	ISO 10545-3	≤ 0.5%
Abrasion Resistance	ISO 10545-6	> 143mm ³
DCOF	ANSI A326.3	≥ 0.42
Breaking Strength	ISO 10545-4	6080N

THICKNESSES

14mm

FINISHES

Natural
Honed

SIZES

24"x24"

24"x48"

36"x36"
