

DESCRIPTION

Geo Cemento captures the process of early ceramic studios, which used metal oxides (glazes) to create decorative elements and experiment with color on cementine tiles. Geo Cemento illustrates this traditional process with new geometric shapes, classic decorative designs and unique glazes. The glazes created for this collection create depth and drama when mixed together or used alone. The matte finish has a soft, chalky appearance, while the glossy has the visual of water flowing over a surface and the irregular edge created when it dries and recedes. Geo Cemento's appreciation of traditional methods brings a refreshing and unique aesthetic to contemporary designs.

COLORS

White Blue Grey

Black Red

White Glossy Blue Glossy Grey Glossy
Black Glossy Red Glossy

COLLECTION COLOR PATTERNS (8"x8"MATTE ONLY)

Crown Flower Cornice

Inlay Medallion

Each pattern is available in all 5 colors.

TECHNICAL DATA*

Specification Reference	Test Method	Test Result
DCOF Glossy	ANSI A137.1	≤ 0.42
DCOF Matte	ANSI A137.2	≥ 0.42
Water Absorption	ISO 10545-3	≤ 0.1%
Abrasion Resistance	ISO 10545-6	< 150mm ³
Breaking Strength	ISO 10545-4	≥ 40 N/mm ²

*All technical data was supplied by the manufacturer and is being provided by CMC for informational purposes only. Exact test results should be requested from your CMC contact.

SPACERS | QUANTITY: 200 PCS/BAG

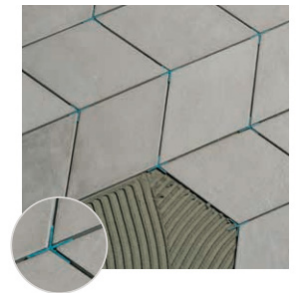

Spacer 01 for Pattern A

Spacer 02 for Pattern B

Spacer 02 for Pattern C

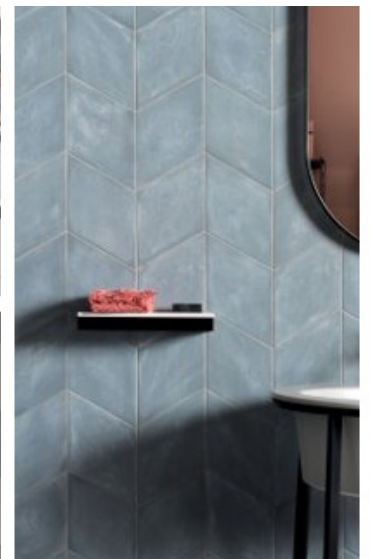

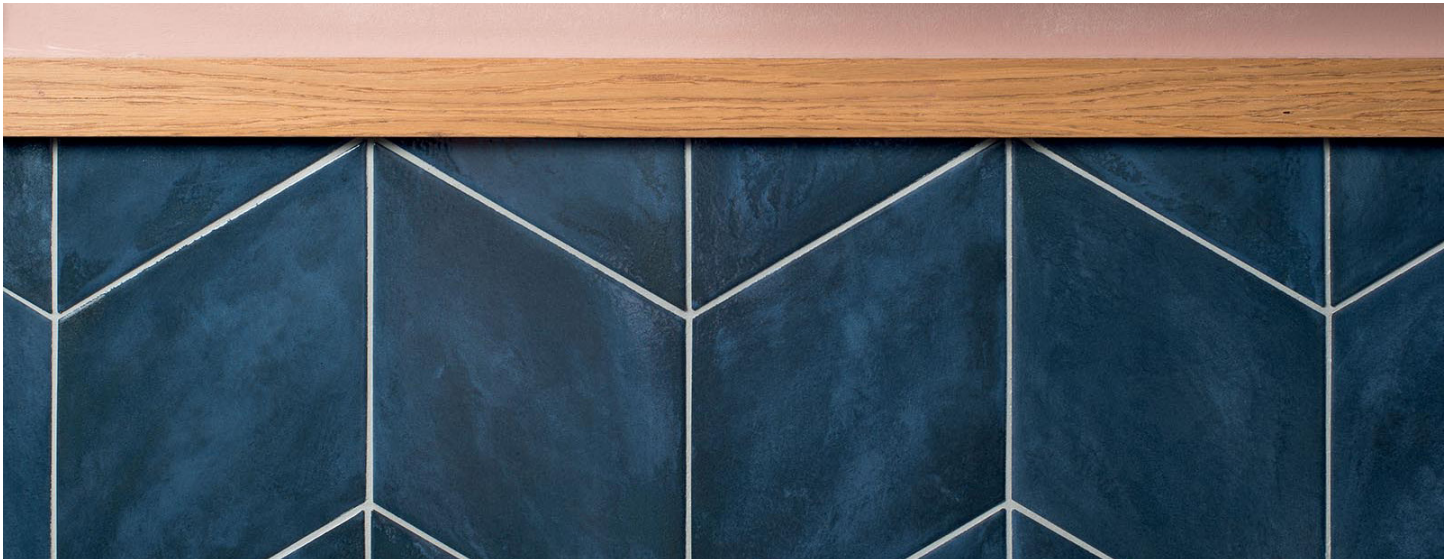

Spacer 03 for Pattern D

Note: Spacers will help keep joints between the tiles constant and even, however will not compensate for any caliber difference between tiles.
